S P E C I A L O F F E RMICHIGAN GROWN NARCISSUS

★ AUG 34 1923
U.S. Department of Agriculture

Since placing our "home-grown" Narcissus on the market last year, many customers have told us of their superior forcing qualities. Poehlman Brothers of Morton Grove, Ill., said that our Michigan grown bulbs came into bloom two weeks earlier than the imported stock. And, being acclimated, it follows that they cannot fail to give complete satisfaction if planted outside for cutflowers or landscape work.

Every florist and landscape gardener should try some of our Narcissus this year. We have made our prices very attractive, and can ship your order right away. And remember, there's no duty to pay, broker fees, or any of the other thousand and one charges --- just the freight or express from Benton Harbor.

G R O W Y O U R O W N!

To stimulate interest in "home-grown" Narcissus, we have decided to place part of our planting stock on the market this year. If you have some available land, it will pay you to plant a few bushels this fall. You will have quite a few flowers next Spring, which should pay for part of the cost. But quantities are limited - order early.

Any of the above named varieties \$ 6.00 pk.

P E O N I E S

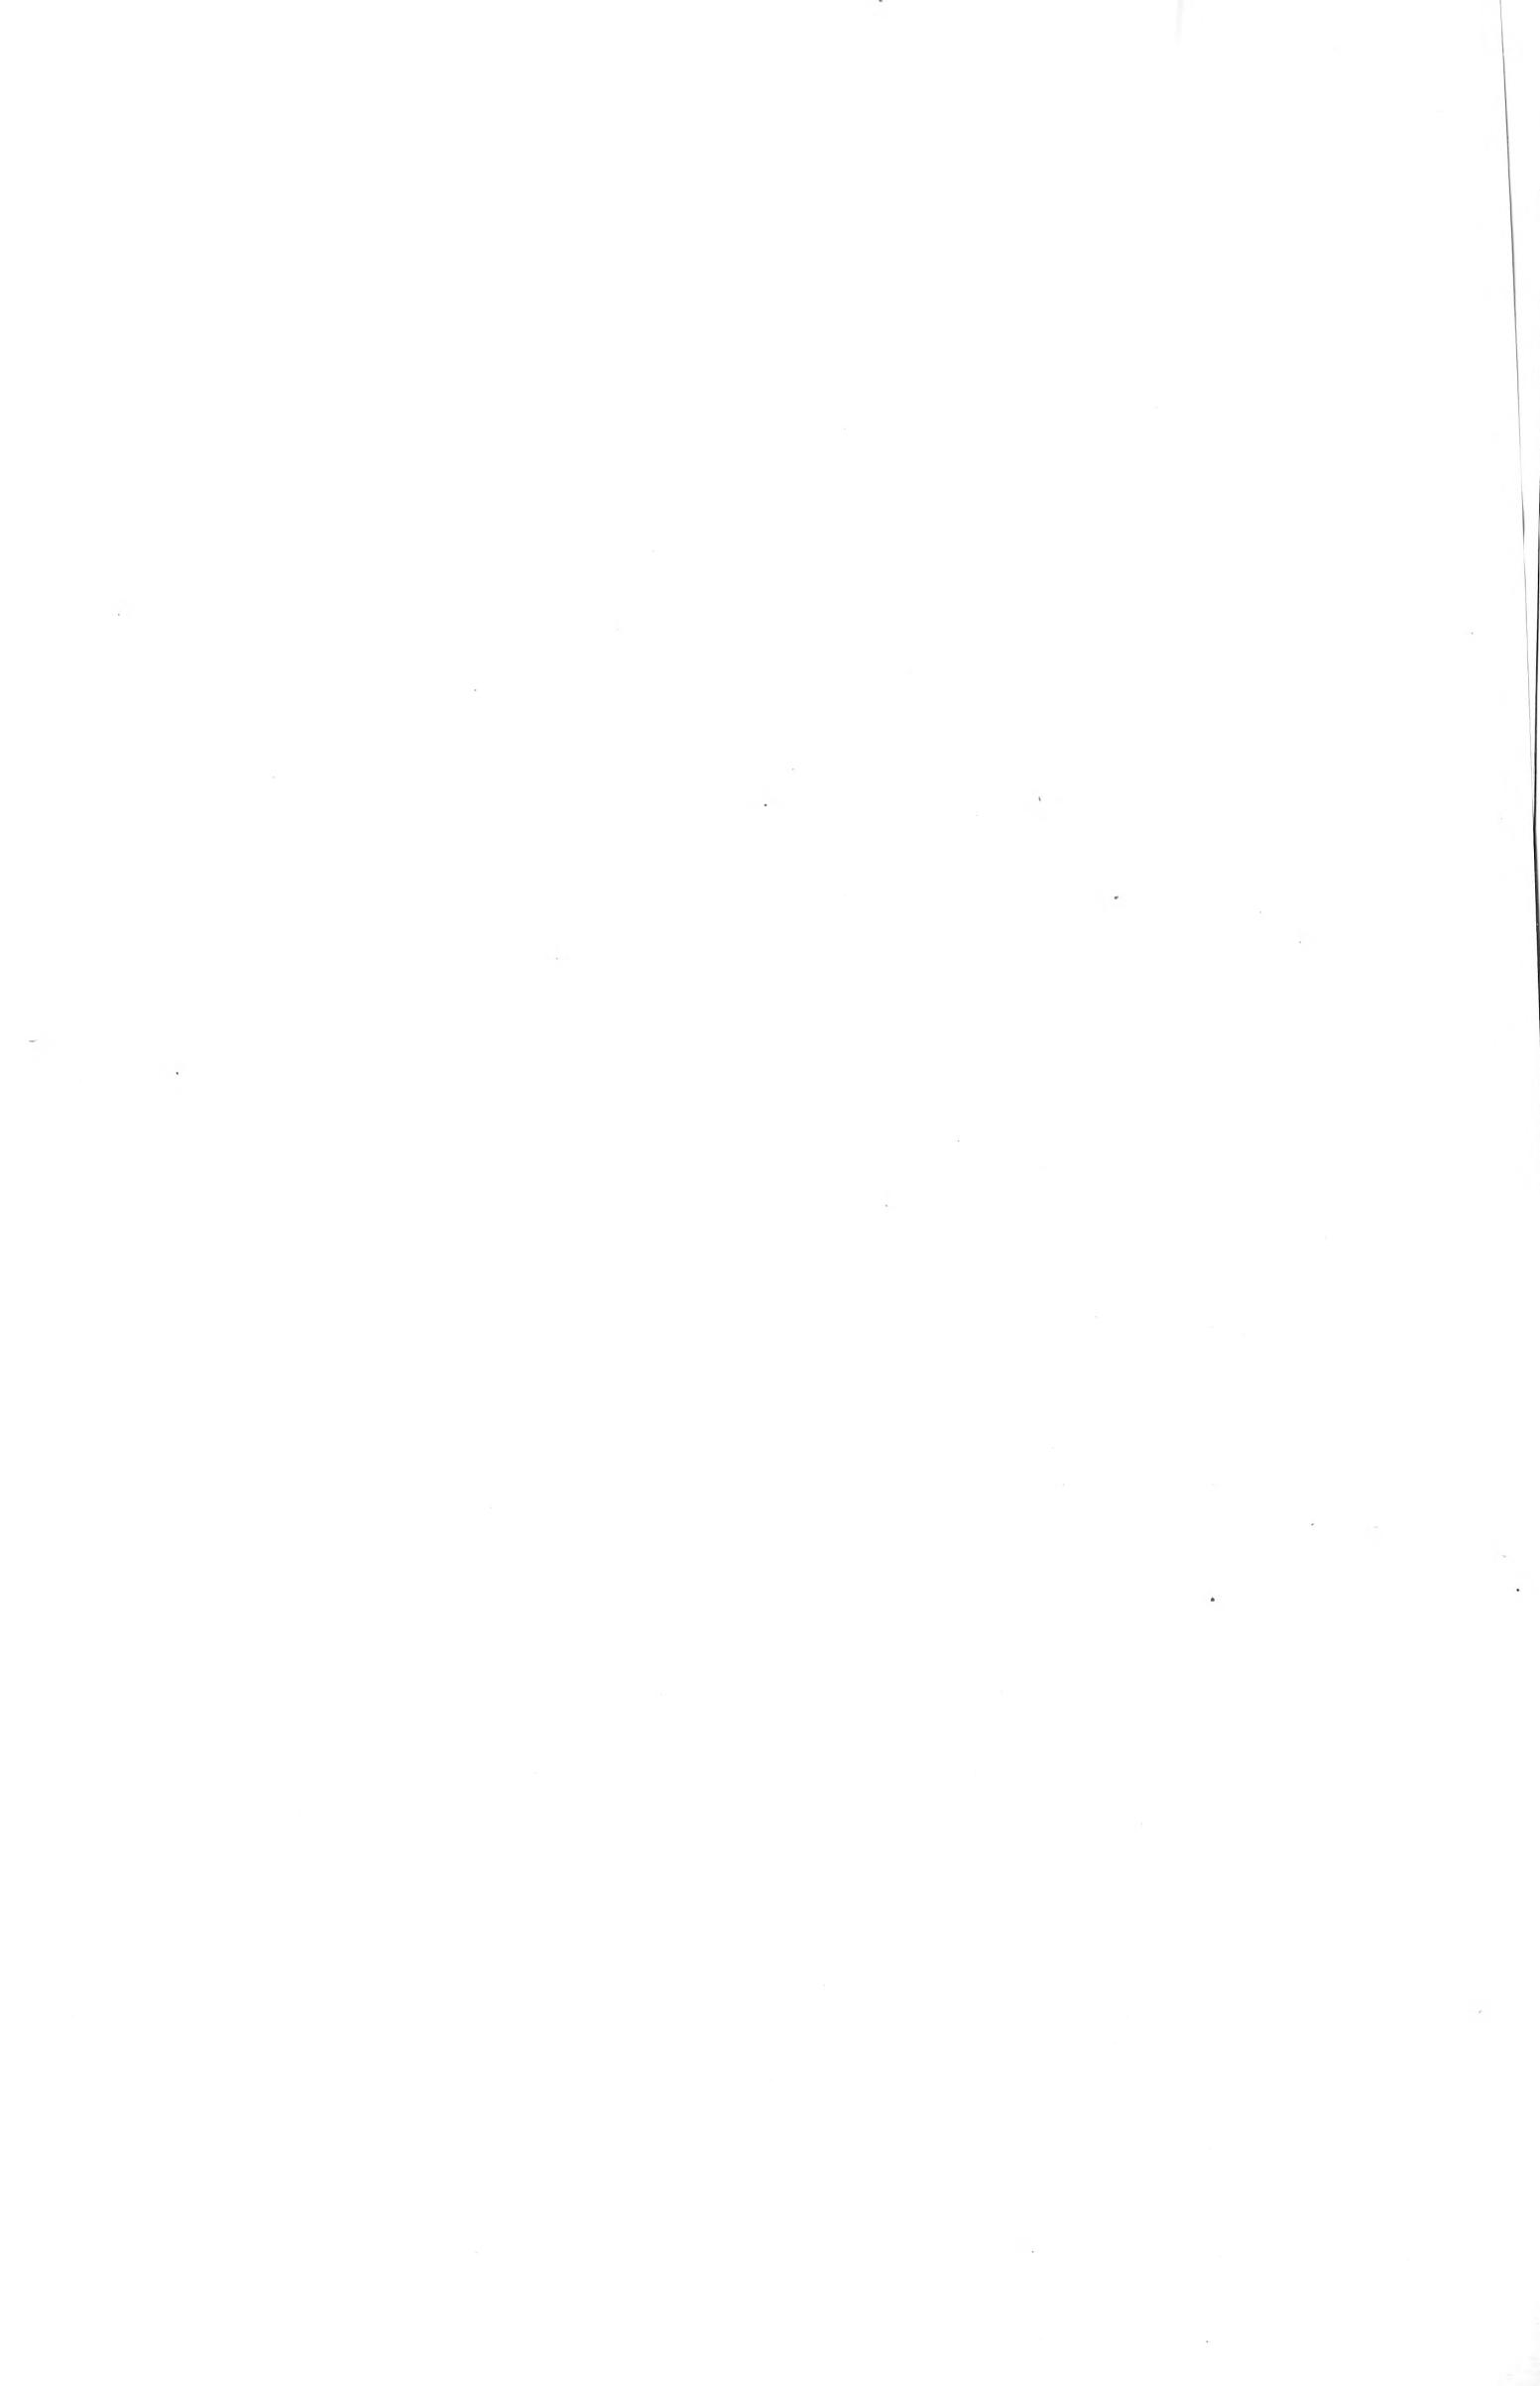

Peonies are, no doubt, the most valuable and best-liked of all Perennial plants. Their flowers make effective home and table decorations, and last an extreme length of time in water --- they beautify the lawns and gardens with their exquisite colors during the blooming season, and their foliage is ornamental all through the summer.

A collection of fine Peonies constitutes a most valuable asset, steadily increasing in value from year to year, and thus giving large returns on the initial investment not only through increased value but also from the cut flowers.

Peonies may be planted any time from the middle of Aug. until the ground freezes in the fall --- Sept. and Oct., however is the best time as they make a root growth before winter and bloom the following spring. Late fall and spring plantings will not bloom until a year later.

We are offering our customers this season, an exceptionally fine assortment of Peonies. The quality of the stock is splendid and our varieties are true to name. Orders should be sent in at once so that shipment may reach you in plenty of time.
